USEF Sportsman's Charter

That sport is something done for the fun of doing it, and that it ceases to be sport when it becomes something done for what there is in it;

That amateurism is something of the heart and spirit - not a matter of exact Technical qualifications;

That good manners are fundamentally important;

That the code must strictly be upheld;

That the whole structure of sport is not only preserved from the absurdity of undue importance, but is justified by a kind of romance which animates it, and by the positive virtues of courage, patience, good temper, and unselfishness which are demanded by the code;

That the exploitation of sport for profit alone kills the spirit and retains only the husk and semblance of the thing;

That the qualities of frankness, courage and sincerity which mark the good sportsman in private life shall mark the discussions of his interests at the show.
